Tiger

Miss Blaize,

We pay tribute to you who has come to be loved and respected by the students of Bay Senior High School.

Your interest in the students as well as your eagerness to help has endeared you to all who have come into your influence.

It is hard to say thank you to one who has done so much but we, the staff of the '68 TIGER, would like to try by dedicating this annual to you, Miss Julia Blaize.

With love and appreciation,

The TIGER staff of '68

TO THE STUDENTS AND FACULTY

Every year offers its peculiar opportunities; and every age, its singular adventures.

Of the thousands of young men and women who are graduating during this unusual century, it may be said that the future of this country, as well as the ultimate future of the world, is, for the time being, in their hands. Such a challenge as this should demand from each of you the very best application of knowledge that you can obtain.

The expected returns will more than pay for the time, thought, and effort expended during your stay here at Bay Senior High.

I wish to thank the yearbook staff and their sponsor for their hours of labor in furnishing us with this book of memories.

MESSAGE TO THE SENIORS

To those of us who have dedicated our lives to helping young people, nothing brings more pleasure than to read or hear about former students who are doing well.

Resolve now to make all of your accomplishments on the positive side so that in the years to come we will be proud to claim you as a former student of Bay Senior High.

TO COACH BILLY SILLS

Without his serious time, efforts, and coaching ability, the Tigerettes would not have done so well. His guidance the past two years has been well rewarded by the success of the Tigerettes. None of this could have happened if he was not worried and didn't care. We all thank him for another great year of excitement and success for the Bay High girls of '68.

The 1968 Tigerettes pose with the three trophies they won in Harrison Central, Bay Hi, and District Tournament Play.

Managers for the Tigerettes are: Virginia Webre, Dottie Rausch, Mary Lou Gavagnie, and Kathy Farve

It Mustn't Stop Here

The Seniors who get their diplomas this year, and others who will receive theirs in the years to come, have a right to be proud. A high school diploma is a real milestone. But, it's only a milestone and there's a big problem ahead. In the next decade, more than half of what you learned in school will be obsolete. The one way you can avoid being left behind the parade is to keep that thinking cap on. Go to college if at all possible. Above all, continue your education by some means, be it business school, trade school, correspondence courses or just plain reading and studying on your own. The State of Mississippi and the United States as a whole will be needing trained, qualified men and women in the industrial, technical and professional fields as never before. And . . . the salaries and opportunities that these positions offer are well worth the study needed to qualify.
